

Inauguration of the Third Computer Laboratory (3rd BCA Lab)**

Date: 02 December 2025

Venue: BCA Department, Maltidhari College, Naubatpur (Patna)

The **Third Computer Laboratory (3rd BCA Lab)** of the BCA Department at **Maltidhari College, Naubatpur (Patna)** was formally inaugurated on **02 December 2025**. The inauguration ceremony was held under the able leadership and guidance of the Hon'ble Principal, **Dr. Akhilesh Kumar**.

The establishment of the third computer laboratory aims to provide advanced technological facilities to students and to further strengthen information technology-based education in the department.

On the occasion, the Hon'ble Principal emphasized that modern computer laboratories form the backbone of professional and technical programmes like BCA. With the commencement of this new laboratory, students will receive more effective hands-on training in programming, software development, data processing, and other IT-related skills.

The Third Computer Laboratory has been equipped with modern computer systems, essential software, and contemporary academic resources to ensure that students can learn and practice in an up-to-date technological environment. The laboratory has been established keeping in view the increasing number of students and the growing academic requirements of the department.

The inauguration ceremony was attended by faculty members of the college, **Mr. Shishir Kumar, Head of the BCA Department**, other departmental faculty members, representatives associated with **NAAC/IQAC**, and a large number of BCA students. All present appreciated this initiative and described it as a significant step towards the academic and infrastructural development of the department.

Academic and Institutional Significance

The inauguration of the Third Computer Laboratory reflects the institution's commitment to infrastructural strengthening, technological advancement, and the development of an academic environment in accordance with **NAAC and UGC quality standards**. This initiative will significantly contribute to students' skill development, employability-oriented education, and digital competence.

Concluding Remarks

Overall, the inauguration of the Third Computer Laboratory of the BCA Department marks an important and forward-looking achievement in strengthening technical education at **Maltidhari College, Naubatpur (Patna)**. Under the dynamic leadership of **Dr. Akhilesh Kumar**, the college continues to progress steadily towards infrastructure development and the delivery of quality technical education.
